

Choice Plus Plan with a Health Savings Account (HSA)

You can open a health savings account (HSA).

An HSA is a personal bank account to help you save and pay for your health care.

- **It's your money.**

There's no "use it or lose it" rule. You get to keep it even if you change plans, change employers or retire.

- **Set a goal, even a small one.**

Check with your employer to see if you can set up regular, pretax deposits through payroll deduction.

- **Open your account.**

Don't leave money on the table. Open an account to make sure you get the money your employer is giving you.

Employee — \$XXX | Family — \$X,XXX

Save on taxes.

You don't have to pay federal or, in most instances, state income taxes on:

- HSA deposits
- Using your HSA funds to pay for qualified expenses
- Withdrawals to reimburse yourself for qualified expenses
- Any interest you earn on your account

How paying for network care works with an HSA.

<p>STEP 1</p> <p>Your deductible</p>	<p>STEP 2</p> <p>Your coinsurance</p>	<p>STEP 3</p> <p>Your out-of-pocket limit</p>
<p>You pay for all services, including prescriptions, until you meet your deductible. You can use an HSA to help pay it.</p>	<p>After you reach the deductible, you share the costs with the plan. You can use an HSA to help pay your share.</p>	<p>When you reach the limit, you are done paying. The plan pays 100% of covered services for the rest of the coverage year.</p>
<p>Employee Only — \$XXX Family — \$X,XXX Family — \$X,XXX Family — \$X,XXX</p>		<p>Employee Only — \$XXX Family — \$X,XXX Family — \$X,XXX Family — \$X,XXX</p>
<p>Pay with your HSA or pay another way</p>	<p>Your plan pays XX% + You pay XX%</p>	<p>You are done paying</p>

Preventive care is covered 100% when you use a network doctor.

Growing healthy savings.

There's no "use it or lose it" rule. Unused dollars carry over year to year.

And you pay less in taxes.

You won't pay federal and, in most cases, state income tax on:

1. Deposits you or others make
2. Money you spend on qualified expenses
3. Interest earned while money is in the account

The UnitedHealthcare plan with Health Savings Account (HSA) is a high deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account (HSA) with a bank of their choice or through Optum Bank, Member of FDIC. The HSA refers only and specifically to the Health Savings Account that is provided in conjunction with a particular bank, such as Optum Bank, and not to the associated HDHP. Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc. or their affiliates. For a complete description of the UnitedHealth Premium® designation program, including details on the methodology used, geographic availability, program limitations and medical specialties participating, please see myuhc.com.
