

HEALTH SAVINGS ACCOUNT (HSA)

See how Steve uses his HSA to save for health care.

Steve is able to automatically deposit money into his health savings account (HSA) from his paychecks. Using payroll deductions, Steve's employer takes money out of each paycheck and puts it into his HSA. This takes place before taxes, saving Steve money.

Check out Steve's tax savings.

Steve chose to deposit \$248 from each paycheck. This means he will save \$6,448 in his HSA during the year. Plus, he saves almost \$2,000 in taxes.
